AUSTRALIA:

<http://AustraliaExitsTheWHO.com>

Dear Public Servant:

I am sending this information to notify you that other nations of the world, in league with the World Health Organization, have been and are currently engaged in secret actions that threaten the sovereignty of the United States as well as the dignity, human rights and fundamental freedoms of We, the People of the United States.

YOU ARE HEREBY NOTIFIED AS TO THE EXISTENCE OF THE FOLLOWING OFFICIAL WORLD HEALTH ORGANIZATION DOCUMENTS:

PROPOSED AMENDMENTS TO THE INTERNATIONAL HEALTH REGULATIONS:

https://apps.who.int/gb/wgihhr/pdf_files/wgihhr1/WGIHR_Compilation-en.pdf

https://apps.who.int/gb/wgihhr/pdf_files/wgihhr1/WGIHR_Submissions-en.pdf

“ZERO DRAFT” OF THE PROPOSED “PANDEMIC TREATY”:

https://apps.who.int/gb/inb/pdf_files/inb4/A_INB4_3-en.pdf

I DEMAND THAT YOU PERSONALLY READ THESE DOCUMENTS.

DO NOT SIMPLY ASSIGN THIS TASK TO A MEMBER OF YOUR STAFF.

It should be noted that according to the existing IHR, the adoption and imposition of the proposed amendments to the IHR would NOT require a signature by the President, nor would they require 2/3 advice and consent of the Senate. The proposed amendments will simply take effect if a simple majority of the 194 member nations decide to adopt them, imposing rules and requirements on the United States even though our people have had no say in developing.

The United States Senate will NOT be asked to approve the proposed amendments to the International Health Regulations. Yes, you read that correctly! Amendments to the IHR were adopted at the 75th World Health Assembly on May 27, 2022, and no one ever bothered to inform the Senate. The Framework Convention for the Control of Tobacco was adopted in 2003 and no one sought out the approval of the Senate.

Please to NOT respond to me and claim that the adoption of the proposed amendments to the IHR will require acceptance by the Senate. That would be a clear misunderstanding of Article 55 of the International Health Regulations and Articles 19, 20, 21 and 22 of the WHO Constitution.

Negotiations are currently underway that could force the proposed amendments upon the United States even if the U.S. delegate votes against adopting the proposed amendments. These proposals are being negotiated without appropriate transparency and generally without the knowledge of the American people. In fact, it appears that many aspects of the Foreign Affairs Manual are clearly being violated.

These proposals – and the way they may be adopted, implemented and enforced – run contrary to fundamental principles of America, which include transparency, accountability, the rights of the individual not being subordinated to the interests of the state, and laws being made by representatives who are fairly and freely elected by the people.

This is a blatant POWER GRAB by the World Health Organization, and it is most definitely not something that the United States should tolerate in principle or in practice. If these amendments are adopted, We, the People of the United States, would lose our unalienable right to privacy regarding our health and medical choices as well as our freedom to travel. In addition, our national sovereignty would be dissolved and would be replaced by a global medical and financial dictatorship.

The International Health Regulations are existing, legally-binding international law. The 76th World Health Assembly is scheduled to occur from Sunday May 21, 2023 to Tuesday May 30, 2023. If the proposed amendments are presented to the 76th World Health Assembly, they could be adopted by a simple majority of the 194 member nations.

These proposed amendments would give the World Health Organization virtually unlimited power, authority, and resources at the expense of national sovereignty and personal autonomy.

The members of the United States Delegation to the World Health Organization are unelected, unaccountable and unknown to the general public. They are bureaucrats and technocrats working behind the scenes to give the WHO more money, more power and more authority.

If this attempted power grab occurs, YOUR prominent position in the government would become essentially impotent and meaningless.

I urge you to be brave and speak out publicly on this issue, IMMEDIATELY.

I DEMAND that you publicly address this issue in your OFFICIAL capacity as a public servant and clearly and plainly express your opposition to the proposed amendments to the International Health Regulations and the proposed "Pandemic Treaty."

You must demand that these negotiations be stopped and an investigation must be conducted.

Until you speak out against these proposed amendments, I will be forced to assume that you support them

SILENCE IS CONSENT.

TIME IS OF THE ESSENCE.

TAKE ACTION IMMEDIATELY.

Sincerely,

<http://StopTheWHO.com>

THE TOP TEN REASONS TO OPPOSE THE AMENDMENTS TO THE INTERNATIONAL HEALTH REGULATIONS

- 1. CHANGE FROM ADVISORY TO MANDATORY:** Change the overall nature of the World Health Organization from an advisory organization that merely makes recommendations to a governing body whose proclamations would be legally-binding. (Article 1 and Article 42)
- 2. POTENTIAL RATHER THAN ACTUAL EMERGENCIES:** Greatly expand the scope of the International Health Regulations to include scenarios that merely have a “potential to impact public health.” (Article 2)
- 3. DISREGARD FOR DIGNITY, HUMAN RIGHTS AND FREEDOMS:** Seek to remove “respect for dignity, human rights and fundamental freedoms of people.” (Article 3)
- 4. ALLOCATION PLAN:** Give the Director General of the WHO control over the means of production through an “allocation plan for health products” to require developed states parties to supply pandemic response products as directed. (Article 13A)
- 5. MANDATORY MEDICAL TREATMENTS:** Give the WHO the authority to require medical examinations, proof of prophylaxis, proof of vaccine and to implement contact tracing, quarantine and TREATMENT. (Article 18)
- 6. GLOBAL HEALTH CERTIFICATES:** Institute a system of global health certificates in digital or paper format, including test certificates, vaccine certificates, prophylaxis certificates, recovery certificates, passenger locator forms and a traveller’s health declaration. (Articles 18, 23, 24, 27, 28, 31, 35, 36 and 44 and Annexes 6 and 8)
- 7. LOSS OF SOVEREIGNTY:** Would empower the Emergency Committee to override decisions made by sovereign nations regarding health measures and would make the Emergency Committee’s decisions final. (Article 43)
- 8. UNSPECIFIED, POTENTIALLY ENORMOUS FINANCIAL COSTS:** Redirect unspecified billions of dollars to the Pharmaceutical Hospital Emergency Industrial Complex with no accountability. (Article 44A)
- 9. CENSORSHIP:** Greatly expand the World Health Organization’s capacity to censor what they consider to be mis-information and dis-information. (Annex 1, page 36)
- 10. OBLIGATIONS OF DUTY TO COOPERATE:** Creates an obligation to build, provide and maintain IHR infrastructure at points of entry. (Annex 10)

THE TOP TEN REASONS TO OPPOSE THE “PANDEMIC TREATY”

- 1. THE WHO WANTS CONTROL:** Three separate times the WHO attempts to assert its desire to gain additional authority by usurping the sovereignty of the member nations. (Pages 4, 12 and 22)
- 2. COMMON BUT DIFFERENTIATED RESPONSIBILITIES:** Each nation would receive only one vote, and all nations would be legally bound by the obligations of the WHO CA+, but some nations would be required to do and provide more than others in unspecified ways. (Page 11)
- 3. WHO GLOBAL PANDEMIC SUPPLY CHAIN AND LOGISTICS NETWORK:** The WHO would be empowered to determine, control and direct the global supply of pharmaceutical products and all nations would be legally obligated to obey their dictates. (Page 13)
- 4. SPEED UP REGULATORY APPROVAL OF DRUGS:** Nations would be obligated to decrease the time required to approve new drugs, regardless of issues regarding safety and effectiveness. (Page 15)
- 5. SUPPORT FOR GAIN OF FUNCTION:** Nations would be encouraged to engage in *“innovative research and development for addressing novel pathogens”* while ensuring that regulatory standards *“do NOT create any unnecessary administrative hurdles for research.”* (Page 16)
- 6. PATHOGEN ACCESS AND BENEFITS-SHARING SYSTEM:** The WHO wants to be in control of *“all pathogens with pandemic potential, including their genomic sequences, as well as access to benefits arising therefrom.”* The WHO also wants to receive *“real-time access to 20% of the production of... pandemic-related products.”* (Pages 17-18)
- 7. ATTEMPTS TO JUSTIFY RESTRICTIONS OF UNALIENABLE HUMAN RIGHTS:** The WHO is attempting to rebrand isolation, restrictions and quarantines as *“Protection of Human Rights.”* (Page 21)
- 8. CENSORSHIP:** The WHO wants to increase funding to *“tackle false, misleading, misinformation or disinformation,” “managing infodemics through... social media”* and *“to counteract misinformation, disinformation and false news.”* (Page 23)
- 9. ENORMOUS, UNSPECIFIED COSTS:** The WHO CA+ would require tens of billions of dollars to be spent during inter-pandemic times on products that would provide dubious health benefits but consistent profits for the Pharmaceutical Hospital Emergency Industrial Complex. (Pages 25-26)
- 10. ADDITIONAL BUREAUCRACY:** The Conference of the Parties (COP) would create yet another enormous bureaucracy to be ruled over by two Presidents and 4 Vice-Presidents. (Pages 26-27)

THE TOP TEN REASONS WHY THE MEMBER NATIONS SHOULD LEAVE THE WORLD HEALTH ORGANIZATION

- 1. CONFLICTS OF INTEREST AND CORRUPTION:** The WHO is infiltrated by Big Pharma, Big Money, and Big Foundations and has been corrupted by financial donations from corporations and non-governmental organizations which influence WHO policy in ways that benefit the corporations and the organizations through a money-laundering and influence-peddling scheme of massive proportions. The WHO follows the dictates of its so-called “relevant stakeholders” while ignoring the needs and desires of “We the People.”
- 2. MISGUIDED FOCUS ON VACCINES:** Influenced by vaccine manufacturers and vaccine pushers such as GAVI and Bill Gates, the WHO has lost sight of its core purpose of promoting health and has overemphasized the use of “vaccines” which have not improved health, but have actually degraded the overall health of billions of people around the world. Best practices designed to improve health are ignored in favor of actions ultimately designed to profit Big Pharma.
- 3. BUREAUCRACY AND WASTE:** The WHO is dominated by bureaucrats and technocrats that are beholden to big Pharma, not knowledgeable health professionals that are dedicated to caring for patients and helping them maintain and improve their health. The WHO wastes enormous amounts of money on salaries for their bloated staff and travel expenses to such a degree that actual health related programs are chronically underfunded.
- 4. FEAR-MONGERING:** The WHO has sounded the alarm and wasted time, effort and money by declaring FAKE Public Health Emergencies of International Concern (PHEICs) such as Moneypox and Swine flu (H1N1) while failing to act swiftly or effectively to address Ebola and COVID-19.
- 5. DANGEROUS RECOMMENDATIONS:** The WHO has made horrible and corrupt recommendations in support of the expanded use of pharmaceutical drugs such as opiates that have been responsible for untold millions of unnecessary deaths.
- 6. FALSE MODEL OF HEALTH:** The WHO is overly dependent upon the petro-chemical based pharmaceutical, medical, hospital industrial complex which practices allopathic medicine that is designed to alter and mask symptoms rather than actually improve health. The WHO does not offer a forum for clinical and scientific discussion or debate and clearly marginalizes natural healing modalities
- 7. POWER GRAB:** The WHO is blatantly seeking to increase its power by pursuing a legally-binding proposed “Pandemic Treaty” and proposed amendments to the International Health Regulations.
- 8. MISTAKES:** The WHO has repeatedly demonstrated that it is absolutely unwilling and incapable of learning from its mistakes of the past and is destined to continue wasting money while providing horrible advice based on the corruptive influence of Big Pharma and Bill Gates.
- 9. OUT-OF-TOUCH:** The delegates to the World Health Assembly are unelected, unaccountable, unknown to the people they purport to represent and completely out of touch with the needs and desires of the people of their respective nations.
- 10. SECRECY:** The WHO operates in secrecy and lacks transparency. Far too much of what is done by the WHO remains hidden. What we know is horrible. What we don't know may be monstrous!

UNALIENABLE RIGHTS

1. THE IMPORTANCE OF INDIVIDUAL HEALTH OVER PUBLIC HEALTH: The good of any people is the sum total of the benefits enjoyed by each and every individual. The unalienable human rights of each individual, their personal sovereignty and their bodily autonomy, supersede the privileges of any and all international organizations, nations, states, provinces, cities or other groups that derive their existence from We, The People Of The World.

2. RIGHT TO PRIVACY: All people have an absolute, unalienable right to privacy in their personal information, including health related data. Every individual human being has the unalienable right to be free from any requirement to have or present any “vaccine passport,” “digital-ID,” or “health certificate” of any kind, whether in printed, digital or any other form.

3. RIGHT TO EXPRESS ONE’S OPINION: Every individual human being must always be free to fully express their own personal opinion free from any threat of retribution. Only the free debate of different and competing opinions can provide an environment of informed decision-making by each country, state, county, community, family and individual. Each individual has the right to publicly express their own opinion regarding the effectiveness, or lack thereof, of any health related policy or treatment in spoken and/or written form. Every person's experience is a valuable scientific observation and must NOT be censored. As more free debate and free expression of ideas, facts and data occur, each level of society will be able to decide for itself the best interventions to recommend for the control and management of any disease of concern. Any form of suppression of free public debate is strictly forbidden. Promotion of the public debate of competing points of view and access of the population to that debate, plus the personal dialogue between patients and doctors, will ensure each individual and family to be sufficiently informed to make their own choices and decisions regarding their health, under the principle of informed dissent. No uniform behavior of all the society will be required and the autonomy and will of each individual as citizen and patient are protected.

4. RIGHT TO PROVIDE INFORMATION ON PREVENTION AND HEALING: Every individual human being has the right to provide information that is directed by their experience and wisdom, free from executive mandate, bureaucratic dictate, pressure or coercion. All people have an unalienable right to choose to ignore or to take action upon the information they receive, free from any form of censorship or coercion.

5. RIGHT TO CHOOSE TREATMENT: Every individual human being must always be free to use any preventive and/or therapeutic treatment interventions that they consider to be the best choice for them. This may include strategies such as lifestyle changes, food as medicine, vitamins, minerals, natural supplements and repurposed essential medications that were previously approved for other diseases and have a long safety record. Withholding any of those optional strategies is a violation of an individual’s unalienable right. Health care decisions must ultimately be made based on the individual’s choice, not by bureaucratic dictate by government, academics, hospitals, clinics, medical practitioners or “public health experts.”

6. RIGHT TO REFUSE TREATMENT: Every individual human being will always retain the unalienable right to refuse any intervention recommended by any institution, the World Health Organization, governments at all levels, medical associations, hospitals or health care providers. Each individual must be in control of the ultimate decision to utilize any and all health- related treatments, medications, and nutrition, as they deem necessary to improve and/or maintain their health. Decentralized clinical rationale by health care advisors and the right to informed dissent by patients will always be placed above any political interests or centralized decision by any government or health agency.

7. RIGHT TO TRAVEL FREELY UPON THE EARTH: Every individual human being has the unalienable right to move about the planet and this right may not be made dependent upon health, testing, or treatment based requirements. Each individual has the right to travel, free from any lockdowns, quarantines, vaccine requirements, vaccine passports, digital-IDs, mask mandates, social distancing or any other attempts to impede their freedom of assembly or movement.

8. THE RIGHTS OF CHILDREN MUST BE PROTECTED BY THEIR PARENTS: Every parent has the unalienable right and the solemn obligation to ensure that all the unalienable rights of their minor aged children are defended. No government or any other organization has the right to prevent any parent from defending the unalienable rights of their minor aged children.

9. RIGHT TO BE WITH FRIENDS AND FAMILY: Every individual human being has the right to visit with family and friends, who may be suffering through an illness, in order to provide them with love and emotional support at any setting including, but not limited to, home, clinic or hospital.

10. RIGHT TO FREEDOM FROM DISCRIMINATION: Each individual human being has the right to be free from discrimination based upon any demand upon any person to undergo any form of medical procedure, including testing. Discrimination based on personal health choices is unacceptable in employment or education matters, when accessing public and private institutions, organizations, private businesses or other locations or in regards to any other issue. Discrimination based on medical status is wrong and must not be permitted in any form whatsoever.

NO DEROGATION OF RIGHTS DURING EMERGENCY: Every government, every corporation, every organization and every individual human being must respect and honor everyone’s unalienable rights despite any declaration of a “state of emergency” by anyone. Governments do NOT have the authority to suspend human rights because of so-called “emergencies.” The declaration of an “emergency” does not give anyone the right to infringe upon anyone else’s unalienable human rights. Every individual human being has the right to withhold their consent and refuse treatment or intervention of any kind, at any time, regardless of whether there is a declared “emergency” or not. Regardless of the scope and/or severity of any disease outbreak or real pandemic, human rights remain unalienable and may not be abridged.
